KC512DP
2-port DisplayPort Cable KVM Switch

QuickSwitch! Button & Switching Software for Easy Switching!!

KC512DP 2-port Cable KVM Switch offers DisplayPort video interface and 2 sets of fixed USB KVM & Audio / Mic combo cables so that you no longer have cable troubles. For instant switching action, it has got a wired QuickSwitch! Button -- just a mere flip on the button and it switches to the other computer.

Furthermore, it also supports switching client software (both Windows and Mac version can be found on the Support CDROM) that can be installed on the computers for intuitive menu-driven switching action. A switching software icon on the system tray of your desktop will change its number flag upon switching to show the current active port. Actually, you can use either keyboard hotkeys, the QuickSwitch! button or the Switching Software Client to switch the computers.

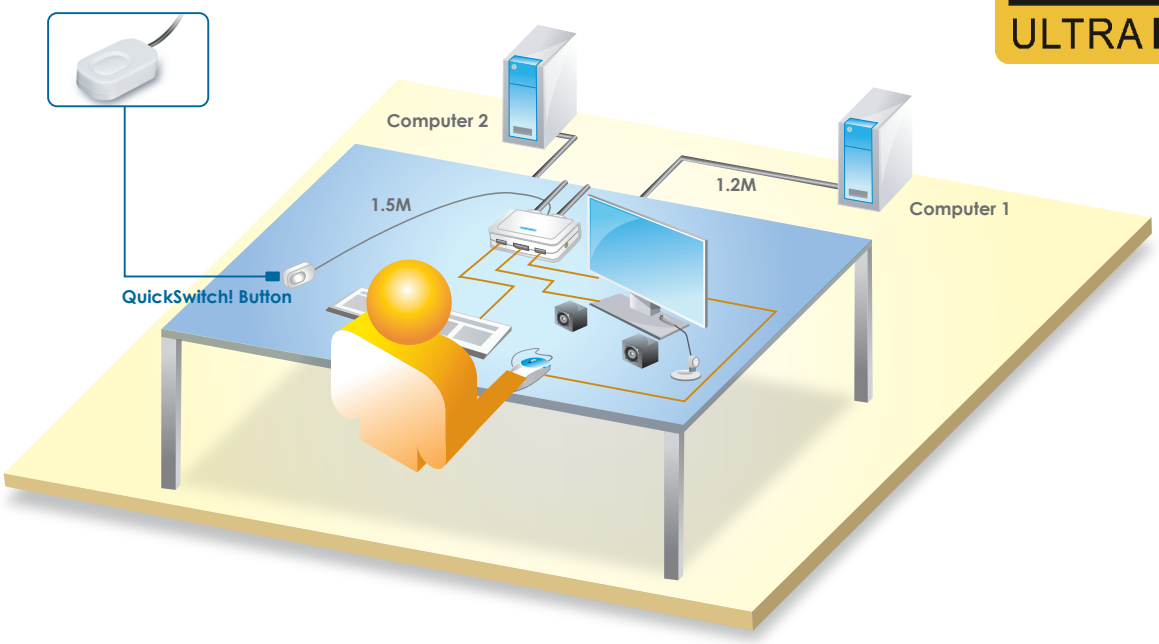

The two USB 2.0 keyboard and mouse ports are actually transparent USB hub ports that feature full driver support for advanced keyboard/mouse. In addition, they can also be connected to other high-speed USB devices such as USB disk storage, etc.

Features

- 1 x wired QuickSwitch! Button for instant switching by a flip
